Dear Patient,

Thank you for choosing Hansen Physical Therapy for your pelvic health needs.

Ashley Hubregtse, DPT Physical Therapist specializing in pelvic health physical therapy, looks forward to meeting and getting to know you. Ashley has a passion to help people like you with a wide array of sensitive pelvic health problems. She is prepared and excited to help you help yourself improve your life.

What to expect at your appointment

At your initial appointment, you should expect:

1. To spend about 1 hour with Ashley in a private treatment room.
2. In-depth conversations regarding your chief complaint.
   Sensitive issues may be discussed in detail with the purpose of directing your care & providing you the best treatment possible. Your openness & honesty will be welcomed, encouraged & appreciated when at all possible.
3. Examination & evaluation of your pelvic floor.
   External examination &, possibly, internal evaluation of your pelvic area may be required for proper diagnosis & treatment. Your consent will be obtained before performing any type of evaluation &, as always in our clinic, you may cease the examination if you should become uncomfortable.
4. Development of a treatment plan
   A treatment plan will consist of a home exercise program; a variety of hands-on techniques performed in the clinic; & suggested frequency of follow up visits. Success in any treatment plan requires commitment from the patient & from the therapist.
5. Mutual respect & discretion in regard to anything discussed or observed.

I have included paperwork in this letter. Please fill out your paperwork prior to your appointment & BRING IT WITH YOU. I understand these forms are lengthy; however, your responses will be integral in directing your care. There may be some sections you can skip as they may not apply to you. For this reason, take your time & answer all questions as honestly as possible. Items you may feel are insignificant may be more pertinent to your treatment than you think.

Please call (605)342-3110 if you have questions or need to reschedule your appointment. We look forward to seeing you at your upcoming appointment!

Ashley Hubregtse, DPT, ATC
